

## Club Presidents, CFI's and Instructors.....

As the Flying NZ Pilot Proficiency Coordinator I'm pleased to advise that the Flying New Zealand Executive have agreed to extend the 2015 Conference Pilot Proficiency promotion to **include all Club Instructors.**

1. **Instructors** are able to and should be encouraged to apply for a Pilot Proficiency Badge before 31 December 2015 **free of charge**, just like the members.
2. **Instructors** do not have to be a member of the Club.
3. **Instructors** are looked up to as being role models within the Aero Clubs and wearing the Pilot Proficiency Badge enhances this.
4. **Instructors** fly with all Aero Club Pilots at various times and it is a great opportunity for them to discuss the Pilot Proficiency Scheme, promoting air safety and encouraging pilots to continue with their flight training for personal achievement and fun in a safe environment. The benefits to the Aero Clubs are an increase in aircraft utilisation, along with the enthusiasm by Instructors and members to support their aero club.

I will look forward to processing applications in the near future. Brochures are available from your Aero Club or the Flying NZ Website <http://www.flyingnz.co.nz/proficiency.html> just download the Application Form and scan and email to [execsec@flyingnz.co.nz](mailto:execsec@flyingnz.co.nz)

Best wishes to you all

Kevin Vile

Flying NZ

Pilot Proficiency Coordinator
